# VISION STATEMENT

Establishing identity as a leading and teaching institution where students can be made morally and socially responsible individuals with excellent education.

## PROSPECTUS 2022

### فرمان قائد اعظم رحمۃ اللہ علیہ

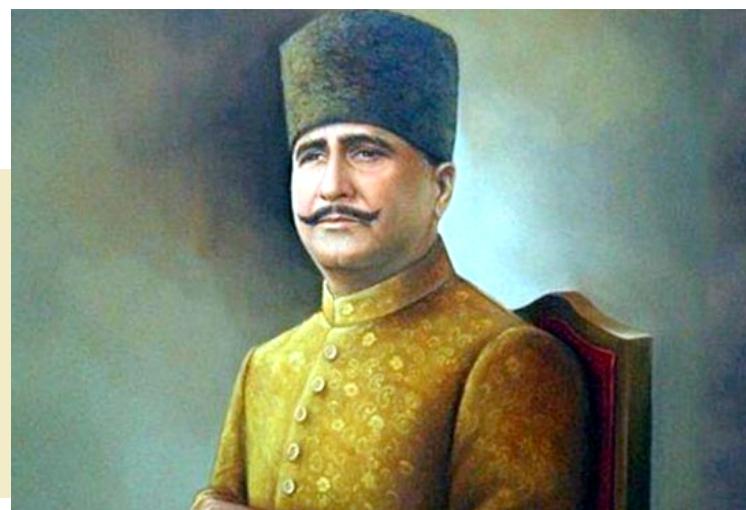

میرے نوجوان دوستو! آپ کا اصل کام یہ ہے کہ آپ مطالعہ پر اپنی توجہ مرکوز رکھیں۔ یہی آپ کا اپنی ذات والدین اور مملکت کے ساتھ دیانت کا تقاضا ہے۔ اگر آپ نے اس وقت اپنی صلاحیتوں کو ضائع جانے دیا تو بعد میں ہمیشہ کا بچپنا وہ ہو گا۔

(21 مارچ 1948ء ڈھاکہ میں جلسہ عام سے خطاب)

### فرمان علامہ محمد اقبال رحمۃ اللہ علیہ

جد و جہد کرنے والی قومیں وقت کو دن، رات، مہینے اور سال کے پیانے سے نہیں، سماں اور حصول کے پیانے سے ناپی ہیں۔

(بحوالہ انوار اقبال ص 37)

**Dr. Zahoor Ahmad Bhatti**  
**PRINCIPAL**

## Principal's Message

After serving in Education department as a teacher for a prolonged period of 32 years, I have nourished certain dreams and ideas in my mind for the training and education of our new generation and to enhance the standard of Government educational Institutions to the peaks of perfection.

Now when I am at the twilight of my career, Allah Almighty has blessed me with this opportunity in the shape of my tenure as Principal to materialize my dreams.

I feel the love of this college in my bones as I have spent my childhood as a student in this prestigious Institution. Right from the first day of my tenure I left no stone unturned in uplifting the standard of this College paying full attention and concentration to academics, discipline, conduct of classes, beautification of college, curricular and co-curricular activities.

الحمد لله Now my devotion, hard work, labor and toil is being reflected in all the realms of college life as mentioned above. I advise my dear students to remain closest to your books in all the circumstances as sword of knowledge is stronger to the metallic sword and join your hands with me for lifting this College to the peaks of perfection.

**May Allah bless all of us with health and success to accomplish this noble cause.**

(آمين)

# A Glimpse of the College!

**Govt. Municipal Graduate College, Faisalabad** formerly called the **Khalsa College Lyallpur**, is one of the most prestigious and historical educational institution of the Central Punjab. It is a creation of Singh Sabha Movement with the purpose of providing quality education and awareness to the Punjabis without socio-religious discrimination. Its historical significance dates back to as earlier as 1908.

The foundation of Faisalabad (formerly called Lyallpur) as a new city was laid in 1897 and a single Govt. High School was opened to impart early was not sufficient to meet its continuously increasing educational demand. So, in 1908 some education loving and generous people of the city, most of whom were Sikhs.

In 1926, the Khalsa High School was upgraded to a college. The inhabitants of Lyallpur and surrounding areas quenched their thirst for learning from this institution till the partition of Sub-Continent in 1947. During partition, its patrons migrated to Jalandhar in India, established another college there in commemoration of their emotional association with this college, and named it as Lyallpur Khalsa College, Jalandhar. Both of the colleges enjoy very strong bilateral relations on historical, intellectual and emotional grounds.

After partition, the educational activities of this college were suspended and its campus was converted into a refugee camp. But an "Anjman" tried to restore its educational activities to some extent in 1958. The Municipal Committee Lyallpur restarted it as "Intermediate Khalsa College, Lyallpur." Later on, it was upgraded to degree level in 1965. Subsequently, on July 1st, 1973, it was provincialized and named as Govt. Municipal Degree College.

Govt. Municipal Degree College, Faisalabad has the honor of retaining its prestigious and glorious position through many ebbs and tides of history. Presently it is imparting education in five disciplines: Humanities, Social Sciences, Natural Sciences, Commerce and Computer Sciences. Offering such a vast variety arising from the combination of tradition and modernity, the college is dedicated to produce open minded, professionally equipped and spiritually grounded students with an ability to withstand the challenges of fast and competitive world and these aims and objectives are endorsed by the Mission Statement of the college.

## Why does attract Govt. Municipal Graduate College?

You can join GMGC with full confidence for the following reasons.

- (1) Excellent results in the board from year to year.
- (2) Experienced and highly educated teachers with a passion for teaching.
- (3) A library with more than 20,000 books and a study rooms.
- (4) Computer labs equipped with state-of-the-art facilities.
- (5) Diverse courses with practical and scientific utility.
- (6) Extensive, lush and well-equipped campus with modern educational facilities.
- (7) Excellent hostel facility with 100 rooms.
- (8) Indoor and Outdoor Sports Facilities.
- (9) Higher education in various fields after intermediate/HSSC.
- (10) Scholarships for needy/deserving students.

GMGC stands out in all respects among the public and private colleges in the city. Studying here can broaden your vision and enoble your ideas.

# PROSPECTUS 2022

"Minerva" has a special place in terms of the diversity of topics. Students and scholars can present their views in both Urdu and English. Two editors are selected out of the students to edit it.

## College Hostel

The college provides students with a spacious, comfortable, safe and well-equipped hostel under the name of Jinnah Hostel. The hostel session runs from September 1 to May 31. The hostel is closed during the summer vacation.

## Career Development Council (CDC)

A CDC has been set up in the college to guide the students. Here, students are provided counseling on the first day about the choice of department and subjects for the completion of education and employment. Preparation of interviews, preparation of CV and job workshops etc. is conducted under this council. In addition, arrangements are made for the development of various departments of the college and provision of practical learning opportunities for the students on the basis of collaboration with other institutions.

## Clubs and societies

Various clubs and societies are set up in the college to highlight the literary and co-curricular abilities of the students. In these clubs and societies, students are provided opportunities to display their God-given abilities through organized activities.

## Education sector

GMGC offers a variety of educational facilities to suit the diverse educational needs of students and the demands of the job market. These educational facilities are being provided in the following four areas.

### (1) Department of Commerce

This sector of GMGC is very important in every way. Since the establishment of the college till date, this department has been at the forefront in the educational results in the entire province. The graduates here hold very high positions at home and abroad. The Department of Commerce provides education up to I.Com. The launching of BS-Commerce and BBA in the future is one of the priorities of the department.

### (2) Department of Science

The science department in this college is very well organized and equipped with modern laboratory facilities. The department manages F.Sc Pre-Engineering and F.Sc Pre-Medical classes. Physics, Chemistry, and Mathematics are taught at the BS level.

### (3) Department of Arts & Social Science

This sector of GMGC is distinguished in many ways. There is a wide choice of subjects for students who want to study in this field. There are important subjects such as Psychology, Economics, History, Optional Islamic Studies, Arabic, Persian and Physical education along with Geography.

### (4) Department of Computer Science

The Department of Computer Science is providing quality education to the students with state-of-the-art facilities. ICS and BS CS level education is being imparted in this department.

## Introduction of BS Department

### BS CHEMISTRY

Chemical reaction takes place in plants and animals. This results in the formation of substances in some plants and animals that can be used to treat illness. The food we consume each day comes directly from chemical process.

Chemistry as a subject has a significant importance in our daily life and the society in general. Everything on the earth is made of elements. Chemistry helps to understand and observe the changes around us since such changes are caused by chemistry, for example, changes in the color of leaves. The aim of the BS program in chemistry is to provide and uplift nurturing environment that facilitates and stimulates the active and explorative learning of the chemistry for the students. This environment encourages creative thinking and thus contributes to the continuous personal and academic growth.

### BS COMPUTER SCIENCE

The department of computer science of GMGC is established to prepare youth to stand with up head in the modern era of computer, by training them in modern developing tools and technologies. Currently the department is offering the degree of B.S. Computer Science a four year degree program. GMGC has excellent supporting faculty in the subjects of Mathematics, Statistics, Physics and other allied subjects for teaching these courses at BS (Computer Science) level. The first batch of BS (Computer Science) program passed in 2014.

The department of Computer Science at GMGC is a student-centered and research-oriented department. In addition to getting computer education, you will have opportunities to participate in curriculum activities particularly artificial intelligence, Software Engineering, Data Bases, Numerical Analysis, Computer Architecture, Multimedia and Graphics contribute fresh knowledge to the field. Our faculty encourages the students to participate in developing the computer application that can contribute in nation development, and focus on project/research ranging from practical problems of application development to deal with the abstract and philosophical issues of computer science and advanced computing. The college offers 4-years BS (Computer Science) programme which covers a wide range of courses on Computer Science.

### BS Economics

Economics is a subject which is connected to the lives of human beings from the day out, however it emerged as an organized subject during the 18th century due to its importance it started to be taught as a basic subject in major educational institutions of the world, and its principles were applied to run the domestic and international economic affairs to meet the ideological and practical needs of the changing and developing economics. Economic research has received wider currency. Today, it has become the most important subject. With the passage of time economics got divided into different branches and its experts are absorbed in both private and public departments. Today economic experts are rendering their services in trade, commerce, industry, planning and developments and almost in all the departments. BS-Economics course has been designed keeping in view all the above mentioned facts. Furthermore, this course is intended to prepare the students to meet its requirements of the changing world and changing job market. In this college highly qualified teachers are available to guide the students through their skills, motivation and experience.

## BS ENGLISH

The department of English consists of eight regular teachers. Prof. Muhammad Sohail Anwar is serving as head of the department while, Prof. Abid Farooq, Prof. Khalid Hassan, Prof. Akram Shahzad, Prof. Tariq Javed, Prof. Ijaz Khan, Prof. Nauman Aslam are prestigious members of this department. Actually this is the galaxy with shining gems. All the teachers are highly qualified and skilled. They utilized their expertise to inculcate qualities in the students. They also struggle hard to seek the hidden potential of trainees. The worthy HOD established an editorial group consisting of brilliant students who participate in different co-curricular activities and win prizes at divisional and provincial levels. The new comers are not only encouraged but also guided to sharpen their potential. The department has very rich library with almost 5000 books on different topics. The present principal Dr. Zahoor Ahmad is also keenly interested in the development of the department and is doing his best to equip the development. All the other teachers are very kind, sympathetic and cooperative. We can say that the department of English is one of the best departments of the college.

## BS Maths

Mathematics develops computational skill, critical thinking, and problem-solving skills. The theory, discipline, and techniques taught in Mathematics courses are especially important in today's society. The faculty of the Department of Mathematics recognizes this and strives to ensure that the student learner obtains this knowledge.

The Department of Mathematics will offer courses and programs of study that will ensure that the student learner will be able to contribute to today's society. The students will obtain abilities to critically assess numerical and graphical information, learn to formulate strategies for solving problems, and acknowledge the importance of being intellectually curious throughout their adult lives.

The Department has qualified and experienced teachers who are devotedly inculcating in the students the zeal, spirit and determination necessary to compete with the new scientific challenges in every walk of life. The Department is also providing teaching assistance in the subject of Mathematics to other Departments of the College, namely Physics, Chemistry, Economics etc. The college offers 4-years BS (Math) programme which covers a wide range of courses on Mathematics.

Urdu department of this institution is comprising of the best faculty members in the division having Ph. D and M. Phil degrees. Students who join the Urdu department can adopt Teaching, Journalism and all administrative departments including the Education Corps of Pakistan Army.

## Library

As gateways to knowledge and culture, libraries play a fundamental role in society. The resources and services they offer create opportunities for learning and support literacy and education. Libraries are rich repositories of historically and culturally significant collections. The term "library" has itself acquired a secondary meaning: "a collection of useful material for common use." This sense is used in fields such as Computer Science, Mathematics, Statistics, Electronics and Biology. It can also be used by publishers in naming series of related books. Libraries most often provide a silent and peaceful space for research and studying. This library of Municipal Graduate College was established in 1908 with the foundation of this prestigious institution; this library started quenching academic thirst of the students with 18000 books but later on large number of books were purchased by spending 3 millions for this purpose. Library has been equipped with the latest books of Islamic Studies, English Literature, Urdu Literature, Physics, Chemistry, Biology, Statistics and Current Affairs. Students are provided calm & quite atmosphere in the library hall to consult these valuable books. Library rules and regulations are displayed for students in library premises.

# PROSPECTUS 2022
